

TES Parameter Specifications

Name: 2 - [tris - (hydroxymethyl) methylamine] - 1-ethane sulfonic acid

CAS No.: 7365-44-8

Molecular formula: C₆H₁₅NO₆S

Molecular weight: 229.25

Purity: ≥ 99%

Applicable pH value range: 6.8-8.2

PKa value: 7.5

Melting point: 223-225

Appearance: white crystalline powder

Product category: ready to use solution

Packaging specification: 500g / bottle, 25kg / barrel (customized packaging)

Validity period: two years

Storage conditions: store at 4-25 °C in a closed container in a cool, dry and ventilated place.

Chemical Structure:
